

## FOR YOUR INFORMATION

The Trustees of the Cottonwood Mansion Preservation Foundation have voted to extend the closure of the facility until April 1, 2021. This will cover any extension of the ban connected with COVID-19 and provide time for essential repairs. A review is currently taking place of any and all funding now available for not for profit organizations affected by the virus and for museums in particular.

This message and others will be going to members with email addresses and posted on our website only. This is to save time on the expenses connected with regular mail. We will also provide information to local newspapers and 92.9. Phone messages to the Mansion are checked regularly and will be answered.

The July Daylily sale will be held this year and information concerning it will be posted on our website. There will be no access to the interior of the Mansion. If you know persons interested in the Mansion who have no computer access please be kind enough to inform them of this and other material we will be sending you.

We are also looking for Volunteers to assist us in painting the Pavilion and the small bridges on site and the repair of our sign out in front of the Mansion. These repairs will be done in July or August. Please call and leave your name and phone number if you're interested in helping and we will get back to you.
